PROFESSIONAL SUMMARY

Innovative Front-End Developer with a strong background in creating visually stunning and highly functional web applications. Adept at turning design mockups into responsive, user-friendly interfaces and ensuring cross-browser compatibility. Experienced in collaborating with teams to deliver high-quality digital solutions and committed to staying updated with industry trends.

EXPERIENCE

FRONT-END DEVELOPER INTERN

Tech Studio Academy

JULY 2024 - SEP 2024

Worked on a product that creates an online presence for small-scale businesses.

- **Design Translation:** Converting design concepts and mockups into functional, responsive web interfaces that align with the brand's identity and goals.
- **Cross-functional collaboration:** coordinating with designers to refine UI/UX elements and with back-end developers to integrate and optimize data and functionality.
- **User Experience Focus:** Implementing best practices for useability and accessibility to create an engaging and intuitive user experience.
- **Performance Optimization:** Ensuring fast load times and smooth performances across various devices and browsers to enhance user satisfaction.
- **Feedback Integration:** Iterating based on feedback from team members and stakeholders to continually improve and adapt the product to meet evolving business needs.

FRONT-END DEVELOPER INTERN

HNGI I

June 2024 – August 2024

- Implemented responsive UI components using React and JavaScript, ensuring compatibility with major browsers.
- Created reusable and modular components to streamline development processes and improve consistency.
- Utilized React Hooks and functional components to optimize state management and improve performance.
- Participated in debugging and troubleshooting issues across development and production environments.
- Contributed to sprint planning and technical estimations, helping the team meet project deadlines.
- Collaborated with UX/UI designers to transform design concepts into functional, responsive user interfaces.
